01. VIRGIN DOGE

BABY DOGE WAS A VIRGIN, WHO MET MINI DOGE AND WISHED TO BECOME THE CHADDEST CHAD EVER. THOUGH, BABY DOGE CHAD QUALITIES WERE SO EXAGGERATED, THEY BECOME DISGUSTING AND MONSTROUS. JUST LOOK AT HIS CHIN! MINI DOGE WAS AUTO BOOSTED AND SHE WOULD NEVER WANT TO TOUCH HIM.

IT IS POSSIBLE FOR THE BABY DOGE TO LOSE HIS VIRGINITY, THOUGH THIS WOULD TAKE EXTREME EFFORT. IF THIS HAPPENS (WHICH IS ALMOST IMPOSSIBLE), HE WOULD TURN INTO A DAD. AND YEAH IT HAS FINALLY HAPPENED ! BABY DOGE AND MINI DOGE GAVE BIRTH TO VIRGIN DOGE.

VIRGIN DOGE PRODUCED BY BABY DOGE AND MINI DOGE IS A HYBRID WITH FAIR SKIN AND A MONSTROUS PENIS. IF HIS MONSTROUS PENIS IS CUT OFF, IT WILL REGENERATE OVER TIME. THIS VIRGIN DOGE HAS THE MOST POWERFUL DICK EVER IN THE HISTORY. HAVING A POWERFUL MONSTROUS DICK AND BEING A VIRGIN IS NOT SO EASY. BUT OUR VIRGIN DOGE MAINTAINS THE VIRGINITY. THAT'S HIS POWER!

OH FUCK! HOLD THE VIRGIN DICK AND TRY YOUR LUCK!

2. OUR USE

As we progress on the ecosystem's growth...

Virgin Doge is your community-owned, deflationary moonshot project that is based on great fundamentals.

Our deflationary contract makes our project mouth-watering where all you have to do is HODL and watch your coins increase in numbers and value!

Once, our project set off and go public, \$VDOGE name is going all over the place, and the more transaction happens, the more token burns will happen, eventually leading to the decreasing supply value, increased in token holds, and value is going to blast off to the stars and moon.

Finally we give back to the community, to the wilds pups for shelter, and back to YOU with the enormous rewards.

Our Main Features

- Static Rewards
- Automatic Token Burns
- Automated Liquidity
- Auto boost price
- Deflationary Moonshot
- Anti-Bot Measures

**As we progress on the
ecosystem's growth...**

An investment in VirginDoge goes much further than an opportunity to make money. 1% of every investment is used to charity to support animal shelters around the world. As the VDoge token becomes a mainstream currency, it will simultaneously help all animals have a safe home in which to live. Together we can make a significant difference.

5. Charity

What is the idea behind the Charity?

We are 100% Community obsessed! We strive to build a best in class community with active members who are part of the evolution of VirginDoge. Join our movement and help donate to Animal Shelters worldwide. Together we can help animals find their way back to their original homes or find a new safe family to love them. Community will vote and decide on which charities to contribute to. Charity donations will be made from the Marketing wallet.

Giving back with Love ❤️
